Funded by the Victorian Department of Health, Gippsland Primary Health Network (Gippsland PHN) is hosting an online workshop for primary health care professionals, including GPs and practice nurses, to help develop a model of cancer shared care to be piloted in Gippsland.

Join us to support the development of Gippsland's first Cancer Shared Care Project.

During the workshop the following will be discussed:

- Cancer survivorship care in Gippsland – current practice
- Barriers, enablers and opportunities to shared care
- Developing a vision for shared care in Gippsland
- Potential models of shared care
- Education and training for providers

Would you like to provide feedback or suggestions on future education/training workshops? Contact us via events@gphn.org.au
