

HIV Virtual Elimination - Topical Session

This session will explore how far we have come with virtual elimination in Australia, and how virtual elimination can be supported in primary care practice.

This session will cover the following topics:

- The meaning of virtual elimination in the new Victorian HIV Strategy
- The clinical science re elimination – where are we and what is in the pipeline?
- Considerations re injectable PrEP
- Considerations re on demand PrEP
- Supporting virtual elimination via primary health care practice

This session will be facilitated by:

A/Prof Edwina Wright

HIV Clinician and Researcher, Chair of the HIV Working Group of the Victorian Health Department's Committee on Blood Borne Viruses and STIs, the Lead for the HIV Prevention Service at The Alfred Hospital, and Chair of the ASHM PrEP Guidelines Group.

The session will also include reactions from a GP and community members.
