Step 6 - Add the patient's email address.

Step 7 - Select one or more monitoring templates from the "Active Templates" drop down menu for the patient's health condition(s).

Step 8 - Click on the "Send" button.

The screenshot displays the Lifeguard Remote Monitoring Platform interface. The main content area shows the 'Program Invitation' form, which is highlighted with a red border. The form includes the following fields:

- Designation:** Member
- Email:** Email (highlighted with a red box)
- HCP:** Healthcare Provider Team
- Active Templates:** A dropdown menu showing a list of conditions with checkboxes: Anxiety, Asthma (Adult), Congestive Heart Failure (CHF), and COPD. The 'Check all' option is selected, and the dropdown is highlighted with a red box.

A 'Send' button is located at the bottom right of the form, also highlighted with a red box. The interface includes a sidebar with 'MANAGE MEMBERS' and 'MONITORING TEMPLATES' options, and a top navigation bar with the Lifeguard logo and user profile information.

Step 9 - An invite with a link to enrol including a confirmation code will be sent to the patient to self-register.

Welcome to LifeguardMOBILE

Healthcare's leading telehealth solution for connected care!

You have been invited to join Lifeguard as a user (member) or as a proxy in support of a loved one to enable the next generation of remote monitoring!

Please click on the following "program link" to enroll and get connected...! ["Test" Connected Care Program](#)

The following [confirmation code 441371](#) will be necessary for program enrollment in Lifeguard.

This code can only be used once and will remain active for 72 hours.

If you are participating in the program as a PROXY, please complete the member enrollment section for your loved one (ie. the member), and then complete the "proxy" section for yourself. The Lifeguard account will be associated with your email address and your loved one (the managed member) will display as a "Dependent" account in your Circle of Care.

Below are some "tips" on how to speed enrollment:
