[Masterclass – Physical Assessment, Gippsland](#)

For experienced nurses to enhance skills, knowledge and competence in the process of conducting a physical assessment for a palliative care patient. This education is face-to-face, requiring practical hands-on assessment of a patient. Please remember to bring your stethoscope.

At the end of this masterclass, you will be able to:

- Describe the purpose and process for conducting a systematic approach to physical assessment for a palliative care patient.
- Perform an accurate and detailed clinical assessment with a focus on abdominal and respiratory systems.

Content within this masterclass aligns with elements contained in:

- NSQHS National Standards 2021
- RACGP Standards 2020
- Aged Care Standards 2020
- RACP Standards 2021
- Palliative Care Australia Standards 2018

BOOK EARLY TO AVOID DISAPPOINTMENT

Important information

All COVID safety precautions will be in place. In the event of an increase in COVID cases, which necessitates the cancellation or postponement of the Masterclass, all registrants will be offered a full refund.
