

Mental Health Centres

Help shape the new Medicare Mental Health Centre in Sale Consultation session

A Medicare Mental Health Centre is coming to Sale, and Gippsland PHN wants to hear from people living in Wellington Shire and surrounding communities.

We are seeking input from:

- People with lived and living experience of mental health challenges
- People who have used mental health support services
- Families, carers and supporters
- Community members interested in improving local mental health care

Your feedback will help ensure the service responds to local priorities and meets the needs of individuals, families and carers in our community.

Session details

Date:

Tuesday 11 August 2026
