

# Are you living with a diagnosis of Bipolar Disorder?

We would like to **hear about your experiences** of accessing support for your health and wellbeing needs.

## Who can participate in the research project?

- Adults (over 18) living in Australia with a diagnosis of bipolar disorder.

## What will it involve?

- You will be asked to complete an anonymous online survey about your experiences (30-45 mins).
- You can register your interest to participate in an optional online interview (1 hour).

As a thank you for completing the survey, you may opt to enter a draw to **win one of four \$50 e-vouchers**.
