

CARDIOLOGY MASTERCLASS

The Monash Victorian Heart Institute invites primary care physicians, nurses, allied health professionals and students with a specific interest in cardiology relevant to general practice, to attend our cardiology masterclass.

Our program was designed specifically with General Practitioner's in mind and our evidence-based presentations have a strong focus on providing practical advice with plenty of time for Q&A so you can gain the specific knowledge you require.

EXPERT CONTENT, PRACTICAL ADVICE

The Monash Victorian Heart Institute Cardiology Masterclass has an expert faculty lined up to summarise the latest research and clinical practice updates over 10 modules:

- Atrial fibrillation and flutter: acute and chronic **Dr Alexander Dashwood**
- Heart Disease in women **Dr Esther Davis**
- Chest pain **A/Prof Adam Nelson**
- Practical tips for delivering guideline-based Cardiac therapy in Rural Australia **Dr Angus Baumann**
- Cardiovascular risk factors **Prof Steve Nicholls**
- Heart failure: acute and chronic **Dr Sri Rao**
- Ischaemic heart disease **A/Prof Adam Nelson**
- Palpitations and tachycardia **Dr Hui Chen Han**
- Syncope and patients with cardiac devices **Dr Hui Chen Han**
- Valvular heart disease and aortic syndromes **Dr Esther Davis**
